Dear Members of the VOCA Board:

Please accept this letter of support for the Muscogee Creek Nation Family Violence Prevention Program (FVPP) regarding their grant application for 2018 VOCA Funding. This funding will continue to ensure the delivery of a variety of advocacy and support services for the victims/survivors of domestic violence, sexual violence and other situations involving violence being inflicted on victims.

DA District 25 works closely with members of the FVPP in CCRT training and programs as well as working with their advocates frequently as they serve the victims who are often our witnesses in criminal prosecution of domestic and/or sexual abuse. It is important to the communities we serve to have this valuable resource available to help the victims of violent crime cope with the criminal justice system and beyond as these persons often need services to help them remain safe and address the issues they may face related to their injuries and their cause.

DA District 25 respectfully asks the Board to provide the Muscogee Creek Nation Family Violence Prevention Program the necessary funding to permit them to continue their important and life-changing work.

Respectfully,

OR Barris III
