MARILYN CARSON
SECRETARY/BAILIFF

In Re: Support Letter for Offender
Reentry Program -TI 13-007.

Gentlemen:

The effort of the Muscogee (Creek) Nation Reintegration Program is to provide a transition from incarceration to a community-based substance abuse treatment for the Native American people. This is very crucial, as funding is limited in many institutional correctional facilities.

This Offender Reentry Program-TI 13-007 Grant will help address the behavioral health needs of people involved in or at risk of involvement in the criminal justice system by providing needed treatment and recovery services to the Native American population.

In order to effect change, it is imperative that we address the needs of problems offenders encounter when released from a state or federal prison system. I support the efforts of the Muscogee (Creek) Nation Reintegration Program and their goal of providing the needed treatment and recovery services for those who have been released from incarceration.

Sincerely,

David N. Martin
Associate District Judge
