- Historical Background
- Service Areas
**Historical Background of JOM**

In 1871, Congress discontinued the policy of treaty agreements with Indian tribes. For the next half century, the Federal Government continued to assume the major responsibility for Indian education through the actual operation of government schools or by paying the equivalent of “non-resident” tuition to public school districts enrolling Indian children. This early effort was implemented by legislative authority contained in the BIA’s Appropriation Act of February. Regulations adopted in that Act are still nominally in effect as Part 33, Title 25 Indians, although superseded under the authority of the JOM Act. For the most part, the educational efforts focused primarily on Indian reservations which were surrounded by public domain or territorial status land. The transition of responsibility for Indian children from the federal government to individual states is a direct result of two basic factors. (1) the organization into states formerly in territorial status, each state recognizing in its constitution the responsibility to equally provide education opportunities for all state citizens; and (2) the Citizenship Act of 1924 granting American citizenship to all Indians residing within the continental United States. Therefore, by virtue of Indian citizenship and Indian rights under the 14th Amendment of the U.S. Constitution, the responsibility for the education of the American Indian is primarily that of each state and local school district. Although the legal responsibility of equality in education for America’s children rests with the states it is recognized in basic state laws, the Federal Government also recognizes its responsibility for assisting states under certain circumstances. The JOM Act of April 15, 1934 (48 Stat. 596), as amended by the Act of June 4, 1936 (49 Stat. 1458), is such a circumstance.

**Legislative History of JOM**

The JOM Act (73 Cong., 2nd Session, Chs. 146-1481 April 16 1934 (Title 25 452-455) provided the Secretary of the Interior with the authority to arrange with the states or territories for the education, medical attention, agricultural assistance, relief of distress and social welfare of the Indian and for other purposes. In 1934, Hiram W. Johnson was Chairman of the Senate Committee on Indian Affairs and Thomas P. O’Malley was Chairman of the House Committee on Indian Affairs. Mr. Johnson introduced the bill S2571, in February of 1934. The report of the Senate Committee (S. Rpt. 511) was identical with that of the House (H. Rpt. 864), and stressed the bill was designed to handle “Indian problems with those states in which the Indian tribal life is largely broken up and in which the Indians are to a considerable extent mixed with the general population.” It was felt that where such circumstances prevailed, health and other problems were “so intermixed with that of the general health of the community that it is difficult to separate the two.” The committee felt separate white and Indian health facilities were “uneconomical and contrary to efficient administration.” By this bill the state could handle the services to both white and Indians with the federal government bearing the added expense for services to the Indian population. The committee noted the Indian Service had already established the precedent of arranging with many local communities to take Indian children into the public schools, but...lacked the authority to transfer such functions on the broader basis to the states.

Prior to 1958, the JOM Program was a basic federal aid program specifically designed to assist public school districts to educate Indian children from reservations and other Indian-owned, tax-exempt land areas. On August 12, 1958, Public Law 81-874, administered through the Department of Health, Education and Welfare, providing financial assistance to public schools was amended to include assistance for educating Indian children. This broader based federal aid program met most of the basic financial needs of eligible school districts. Subsequently, the JOM program became a supplementary aid program geared to offset the financial deficit of unmet extraordinary and exceptional cases of need. Funds were available for operational purposes as distinguished from construction needs. JOM funds were made available to states based on separate plans negotiated between BIA and the respective States or tribal corporations for the express purpose of supplemental federal assistance for educating Indian children in public schools. These funds, in turn, were administered by the states or tribal corporations to local school districts. The purpose of the regulations established in Part 273 of Public Law 93-638, the Indian Self-Determination and Education Assistance Act was to set forth the application and approval process for education contracts under the JOM Act. Any state, school district, tribal organization or Indian corporation is eligible to apply for a contract.
Current Law

On December 31st, 2018, President Trump signed into law Senate Bill 943, the Johnson-O’Malley Supplemental Indian Education Program Modernization Act. The Act, now also referred to as Public Law 115-404, will seek to obtain a complete update of the student count for eligible Native American students while increasing participation around the country from schools and tribes. This law reinforces the recognition of Tribal sovereignty and the respect of federal treaty rights.

These regulations were written to ensure the maximum participation of Indian parents in the development of programs for eligible Indian students.

SUMMARY: Under the Johnson-O’Malley (JOM) Act, the Bureau of Indian Education (BIE) provides assistance, through contracts, for Indian students attending public schools and nonsectarian private schools. This rule implements the JOM Act, as amended by the JOM Supplemental Indian Education Program Modernization Act (JOM Modernization Act), to clarify the eligibility requirements for Indian students to receive the benefits of a JOM contract, clarify the funding formula and process to ensure full participation of contracting parties, and to otherwise reconcile and modernize the regulations to comport with the activities of contracting parties under the JOM Modernization Act.

DATES: This rule is effective on March 26, 2020.
Subpart B—Program Eligibility & Applicability

§ 273.110 Who is eligible to request contracts under the Johnson-O’Malley Act?
The following entities are eligible to enter into an education contract under the Johnson-O’Malley Act for the purpose of financially assisting efforts designed to meet the specialized and unique educational needs of eligible Indian students, including supplemental programs and school operational support, where such support is necessary to maintain established State educational standards:
(a) Tribal organizations;
(b) States;
(c) Public school districts that:
   (1) Serve public elementary schools or public secondary schools; and

   (1) Sections 273.120—273.121, regarding approval of an education plan by the Director;
   (2) Section 273.125, regarding entering into a contract as a new contracting party;

   (6) Any section in subpart I (other than § 273.194, regarding the Indian Education Committee’s authority to recommend cancellation or suspension of contracts, which still applies);
   (7) Any section in subpart K (other than § 273.208).
(c) The contract proposal submitted by the Tribal organization must meet the requirements in part 900 or 1000 of this chapter, in addition to those in § 273.130 except that education plans must be submitted to the BIE Director for approval in accordance with § 273.170. Section 2

- Procedures and Verifications
- Student Count and Rosters
JOM ENROLLMENT PROCEDURES AND VERIFICATIONS

An important segment for the JOM program is the enrollment process and student certifications. First and most importantly, is that the student qualifies for the JOM program by meeting the JOM criteria and eligibility. This verification is accomplished in the Muscogee (Creek) Nation JOM office. Secondly, forms need to be properly filled-out and all proper documents need to be attached and submitted to the Muscogee (Creek) Nation JOM office for verification. Procedures that must be followed:

PROPER DOCUMENTATION
When submitting an enrollment form to the Muscogee (Creek) Nation JOM office for student verification include one of the following: CDIB card (the card must show the student to be at least 1/4 degree Indian blood), copy of the students tribal citizenship card, or tribal letter verifying citizenship must be attached to the form.

When using the parent's information for verification you must include one of the following along with the child's original state certified birth certificate: the parent's tribal citizenship card or CDIB card (the card must show parent to be at least 1/2 degree Indian blood). These two documents will need to be attached to the enrollment form when submitting for verification. We do not and will not accept anything other than a state certified birth certificate. Hospital certificates will not be accepted. Enrollment forms must be correctly filled-out with correct documentation or the forms will be returned and the process will be stopped until proper documentation is presented.

COUNT WEEK
This is the week school programs will count enrolled JOM students and the student must be actively enrolled in the school. This count number is utilized in determining funding amounts for schools. Count week is always the first full week of October and the count will stop on Friday of that first week. That number becomes your school's tentative count number. The JOM student count number must be sent to the JOM office by Friday of the following week on the transmittal form. The Transmittal form can be found on the website at:

Schools will have until the end of the second full week in November to submit all student enrollment forms for verification of JOM students for the current school years count, and for other changes to their roster, i.e. transfers, drop-outs, etc.

ROSTER
A tentative final roster will be emailed at the end of the second full week in January. If for some reason schools feel their student count is inaccurate after receipt of the tentative final roster they will have until the last working day of the last full week in January to make any changes, i.e.: student name spelling, grade and birth date.

Educational Support

Educational support funds are for purchasing necessary items for a student involved in an academic or school related activity. The type of aid that is provided should enable the student to fully participate in the educational programs available through the school. Only items supported by the education plan and approved in the application or budget revision by the IEC, LEA and JOM office may be purchased. All educational support funds will be paid and accounted for by the JOM contractor. All items purchased with educational support funds become the property of the eligible student for whom it was purchased. Except for lease-purchase items such as band instruments.

Educational support items include but are not limited to: school supplies, laptop/Chromebook insurance, instrument rental, lab fees, test fees, graduation caps and gowns, cords, cultural supplies/materials, sports activities, extra-curricular supplies, science projects, eligible incentive awards and equipment to facilitate for professional trade skill/intensified college preparation programs.

See page 28 for a general list of allowable costs.

EDUCATIONAL SUPPORT GUIDELINES

- No reimbursement will be made for items not included in an approved educational support budget.
- An itemized voucher or invoice, purchase order or copies of actual receipts must be used as documentation of purchase.
- No cash payment will be made to any parent or student.
- Schools are required to furnish certain items for students. Any item that the school furnishes to other students as part of their school policy will not be an eligible item for JOM funds.
- When Educational Support items are purchased in quantity, such as school supplies to be distributed to eligible students, a signature sheet will be required showing the date, item received and the signature of the student or parent. This sheet needs to be retained for monitoring purposes and will be reviewed by the monitoring agent.

Annual Needs Assessment Summary

Each Indian Education Committee member is required by federal regulations to conduct the needs assessment process on an annual basis. As an IEC member, the responsibility for developing, printing, distribution and compiling of the results lies with the entire JOM Indian Education Committee.

Parents, students, school administrators, or teachers may complete a needs assessment survey but only the PARENTS responses are to be used in prioritizing the top three (3) choices. Students, school administrators, and teachers are secondary and will only be used as an informational resource.

Needs Assessment Checklist

- Why have a Needs Assessment?
  - Direction of Program (Objectives) and Parent Committee.
  - To write the goals and objectives under the education plan of each new JOM application.

- How to develop a Needs Assessment survey?
  - Borrow forms from other JOM school programs.
  - ‘Fine Tune’ with your own community/Native American population/school.
  - Keep up with changes of opinions within your community.

- When should you send them out?
  - At least two (2) months prior to the JOM Application deadline to Muscogee (Creek) Nation.

- Who should complete the survey?
  - The parents of eligible JOM students attending school in their respective district.
  - Students, school administrators and teachers may complete one, but they should be kept separate and compiled separately from parents. By federal regulation, PARENTS HAVE THE GREATER VOICE.

- What process can you use to get the survey out to the parents?
  - By mail or school newsletter.
  - School supplies distribution time, school activities or functions and IEC meetings.
  - Direct calling (Remember student confidentiality).
  - Email & electronic surveys.
  - Home delivery through students.

- How to use the information?
  - Compile the information (staff and/or IEC).
  - Rate and prioritize answers according to importance selected.
  - Report findings at the Parent Committee (IEC) meeting.
  - Compare with budget. Make sure there’s no overlap of services with another program.
  - Write Goals and Objectives based on the prioritized top three items selected on the Needs Assessment survey.

- Use incentives to have a greater return on your Needs Assessment.
  - Your program budget allows for student incentive purchases.
How Items Can be Used with JOM Funds

There are a number of different types of programs which school districts and Tribal Contractors can operate. These programs should be developed according to the needs of the eligible Indian students as determined through a needs assessment conducted by the parent committee and/or contractor. The amount of Johnson O’Malley funds available to the contractor will also determine which programs can be reasonably and successfully implemented and operated.

Another factor to be taken into consideration when planning activities is to ensure that Johnson-O’Malley funds are used in support with existing programs (supplemental) and not replacing programs that are being provided by another funding resource (supplanting).

A. Supplemental Programs – Programs that support and are in addition to existing programs in the public schools. Johnson-O’Malley funds cannot be used to replace existing programs but may be used to support or enhance the regular school programs.

B. Supplanting Programs – Supplanting means establishing or building programs using Johnson-O’Malley funds which the school should already be providing from their regular budget. Johnson O’Malley funds cannot be used to replace funds which should be provided for existing programs. Supplanting is not legal in Johnson-O’Malley programs.

EXAMPLES OF SOME TYPES OF PROGRAMS CURRENTLY BEING CONDUCTED THROUGH JOM:

Tutorial/Aides – Under this program, tutors or aides are provided to assist the classroom instructors. Tutors provide one-on-one assistance to students needing special attention. Aides provide general assistance to a group of students, but may also provide one-on-one assistance if the situation calls for it.

Teacher Aide – Assist teachers with skills reinforcement.

Tutors – Provide tutoring on a scheduled basis.

Pre-K/Kindergarten Enrichment – Funds identified for this service may be utilized in a variety of ways, such as staff, supplies and equipment.

Family Liaison – Personnel, normally someone from within the community, employed to assist the school, parents and students with school related issues such as attendance, grades or other problems.

Alternative Program – Funds utilized for this component provides for staff, supplies and equipment in an alternative setting and uses different methods and techniques than the students experience in a more traditional program.

Indian Education Committee Activities – Funds budgeted for this activity enables members of the Indian Education Committee to participate in training, attend educational workshops and provides opportunities to share information with other Johnson-O’Malley programs.
Cultural Activities – Cultural activities in the form of art, music, literature, history enrichment projects, field trips and speakers are an important part of Native American heritage. Local community resource people are asked to provide enrichment activities to schools.

Career Development Counseling – Activities designed to inform students of career opportunities, job skills or higher education programs available.

Educational Support – In order to ensure that program funds for this purpose are expended in a manner to meet the greatest need, the IEC, with input from the contractor, should develop eligibility guidelines and specific areas where assistance may be provided. The type of aid that is provided should enable the student to fully participate in the educational programs available through the school.

Education Incentive Awards – Incentive awards for students who have excelled and meet one or more of a clearly defined criteria. The awards should be based on citizenship, good/perfect attendance, academic achievement (grades), active school participation, active leadership or potential artistic ability (fine arts, music, drama, dance, Native American cultural/crafts), sports achievement and improved attitude/behavior.

Pro-Rata – Tribal contractors and state and local school officials should be cautioned about non-eligible students participating in its program and activities funded solely through JOM funds. Whenever such participation is of significant percentage and impact, provisions should be made to prorate the cost with other funding sources.
Eligible Incentive Awards

JOM Programs may provide incentive awards for students who have excelled and meet one or more of the following criteria. The awards should be based on citizenship, perfect/good attendance, academic achievement (grades), active school participation, active leadership, potential artistic ability (fine arts, music, drama, dance, and Native American cultural or Native American crafts), or sports achievement and/or improved behavior/attitude. Section 5

- Program By-Laws Example
- Procedures & Verifications
- JOM Program/IEC Requirements
- Program Compliance/Monitoring
The following are by-laws that have been established and approved by the (Your program name) JOM Indian Education Committee.

**ARTICLE I - Reference**
In accordance with the Indian Self Determination, Johnson O’Malley Modernization Act of 2018, and the Federal Regulations (25 CFR Part 273), a Parent Committee selected in accordance with federal regulations, will adopt and abide by reasonable by-laws for the conduct of the project for which assistance is sought.

**ARTICLE II - Name**
The name of this committee shall be the (Your program name) JOM Indian Education Committee.

**ARTICLE III - Purpose**
The establishment and the work of the parent committee are to comply with the rules and regulations as found in the Federal Register, Vol. 85, No 37, Tuesday, Feb. 25, 2020. (Refer to 25 CFR sec. 273.117 what are the powers and duties of the Indian Education Committee and sec. 273.118 are there additional authorities an Indian Education Committee can exercise?)

(The following are only examples. You should design your own purpose for your school. You may have only one purpose and not three. Ask yourself, “What are we trying to accomplish with this program?”)

Section 1-To promote the welfare of Indian children and youth in home, school, community and tribe.
Section 2-To raise the standards of school achievement of Indian children.
Section 3-To bring into closer relationship the home and the school so that parents and teachers may cooperate intelligently in the education of Indian children and youth.

**ARTICLE IV - Membership**

**Section 1 Establishment of the Indian Education Committee**
A. According to Federal Regulations an Indian Education Committee is to be elected from the parents/ legal guardians (including persons acting ‘in loco parentis’)
B. The Indian Education Committee shall be composed of 5 members. Comprised of the Chairperson, Vice chair, secretary and two at-large members. (The IEC may be comprised of any number of members. There is no specific number listed in the regulations. You may also have a treasurer and sergeant at-arms if so desired)
C. All IEC members must have formal authorization by action (motion recorded in minutes) to represent or speak on behalf of the IEC.

**Section 2 Election of the 5 (or the number of members you decided on) Members of the IEC**
A. New members are elected in an open meeting for a term of two years by a majority vote of parents/ legal guardians of eligible. Indian students in attendance in a public school within the (Name) School District.
B. Two members are elected in odd calendar years and three members elected in even calendar years. (It is good business to rotate members, this is so there is not a new IEC who does not know the program)
C. Membership in the Indian Education Committee cannot be transferred.
D. Members may run for a second, two year term if reelected by the community
E. The IEC elections are to elect the IEC members and not an election of officers. Officers are to be elected by the IEC members themselves at their first reorganizational meeting.
Section 3 Annual Elections / community voting rights
A. The Annual Election meeting shall be held on the (last weekday) of (the month), or at a date as near to that day as determined by the IEC.
B. Nominations for new IEC members shall be taken from the floor by an eligible voter at the duly called Annual meeting.
C. Individual votes shall be cast by secret ballot and tallied visibly so that all in attendance will know the results.
D. The IEC Chairperson or designee shall act as the election judge for the Annual meeting. (The election judge should be a non-voting, non-partisan person and of no relation to those running for the IEC)
E. The IEC will also have the option of having the election judge preside over the election of Officers at the first official meeting of the new Indian Education Committee.

Section 4 Election Voting Procedures
A. Election procedures: The (Name) JOM Parent Committee is made up of 5 parents or legal guardians of eligible JOM students.
B. Eligibility to run for the IEC: According the Federal Regulations - Sub part a, Section 273.15 “the Indian Education Committee is to be elected from the parents (including persons acting “in loco parentis” - legal guardian) except school officials of the eligible Indian student on the schools affected by the subcontract under this part.” (This is where you might want to insert the provision of extended family members acting “in loco parentis”) To avoid conflict of interest or give the appearance of a conflict of interest, school officials or their spouses, persons directly involved in oversight of the name of the tribe JOM Program (if this is in for a tribal contract) should not be eligible to serve as committee members.
C. Nominations at the Annual Meeting:
   1. Nominations for new members shall be taken from the floor at the Annual meeting.
      a. The Nominator must be an eligible JOM parent or guardian.
      b. Votes shall be cast by secret ballot and tallied by the election judge.

      d. The top (2 or 3) vote recipient, depending on it being an odd or even year; will be seated as the new IEC members. (Notice this is the seating of IEC members. The officers should be selected by the newly elected IEC board members. This way the board selects their own leadership and you do not scare off potential parents who do not want to be chairperson or vice chair)
   D. What are the responsibilities of an IEC member?
      a. Attend monthly meetings
      b. Assist other IEC members in planning and implementing program and special events.

2. The child of the member is no longer enrolled in the (Name) school district.
